## 2022 IOM Club Championship

Written by Bruce Quail

The 2022 IOM Championship deserves special mention. The regular 8 Championship heats were held during the year, from February to October. Our current champion, Brent Field, passed away in late August had contested 6 of the 8 heats, all of which he won meaning with 2 drops he was unbeatable. Craig Taylor had the lowest total score as Brent scored DNS for the last two races but this resulted in the 2022 Championship being awarded posthumously to Brent.

## 2017 IOM Club Championship

Written by Glenn Dawson

The first Saturday in September turned out to be a lovely sunny day with a light shifty southerly wind. The weed in Jackadder continues to be a problem with many boats returning to shore trailing strands. The wind was as normal - fluffy, shifty and irregular.

Turnout was pretty good today with 18 boats on the water and a few regulars away. The chocolates were taken by Edgar today, closely followed by Graeme and Roger - well sailed guys.

## 2016 IOM Club Championship

Written by Denton Roberts

The final heat for the IOM club championship 2016, Grand final day for AFL and many stayed home in the warmth, and friends company, but the few (10) brave soles attended this day, which had winds from the W and WSW with self tacking down drafts, fronted up!

## 2013 IOM Club Championship

Written by Denton Roberts

With variable winds from the South East, Graeme H set a course with four windward marks to chose from, with a gate just offshore from the gazebo and a start line some 30 meters to windward of the gate. Thanks Warren and Alwyn for being PRO's for the afternoon. Fifteen skippers took part in the final heat of the club championship for 2013, most finding it hard to define the exact position of the windward marks.

Congratulations to Glenn, Graeme and Rob.

## 2012 IOM Club Championship

Written by Denton Roberts

Saturday December 1 was the final race of the PRSC Club Championships for IOMs. Several skippers had difficulties at the beginning of the afternoon with breakages and electrical problems, but once these were rectified, most of the fleet sailed for the remainder of the afternoon. There were a few skippers who won heats, and consistency was the key. Minimizing mistakes and maintaining boat speed were the keys to the day. Rob Mews showed that his trip to Queensland has helped his racing and he took off for some good wins. Roger and Glenn fought out the next positions, chased hard by Justin and Hub.

In the overall competition, Bob went into the day with the smallest of leads over Glenn taking into account just two drops. After today, a third drop was going to come into play so anything could happen. At the end of 10 heats, Glenn took the lead from Bob with a 2 point margin, with Rob completing the podium.
